

# Founder & Co-Chief Executive Officer

---

Joel Schwartz is the Founder & Co-Chief Executive Officer of DoubleCheck Solutions, a financial technology company with an innovative solution that delivers new revenue for Financial Institutions while giving customers and small businesses more transparency and control in the event of Non-Sufficient Funds (NSF).

Joel spent more than 20 years as a banking executive, serving as a Senior Vice President and Regional Manager at First Bank and a Branch and Cluster Manager for Downey Savings. For over a decade, Joel taught Niche Marketing and Market Share Growth at UCLA Extension. His experience enabled him to see the need for a company that empowers customers to make their own financial choices, build a great credit score and protect themselves from fraud. To meet this need, Joel founded DoubleCheck in Burbank, California in 2013. The company is now poised to help banks and credit unions rethink the industry's outdated banking practices in the face of unprecedented economic, regulatory and legal challenges.

Joel earned a bachelor's degree in business administration and finance from San Diego State University.
